PROJECTS

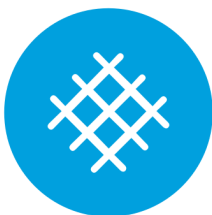

Luthra Projects stands as a distinguished leader in the realm of turnkey project execution, renowned for its expertise in installing capital equipment across diverse piping utilities. With a venerable legacy spanning 50 years, we boast extensive experience and a proven track record, having triumphantly completed over 6500 projects across the industrial landscapes of India, the Middle East, Asia, and Africa.

Our portfolio exemplifies cutting-edge solutions, encompassing everything from state-of-the-art compressed air and industrial gas generation equipment to advanced piping technologies. Central to our mission is the enhancement of energy efficiency and the reduction of operational costs, ensuring unparalleled value and sustainable performance for our esteemed clientele.

SAFETY STANDARDS

Luthra Projects meets standards for safety, quality & compliance as specified for process piping.

LONG TERM COMMITMENT

10 Year Warranty

Luthra Projects warrants its products to be free of manufacturing defects in material and workmanship to be used for oil free and moisture free compressed air for 10 years from the date of installation.

Aluminium Piping

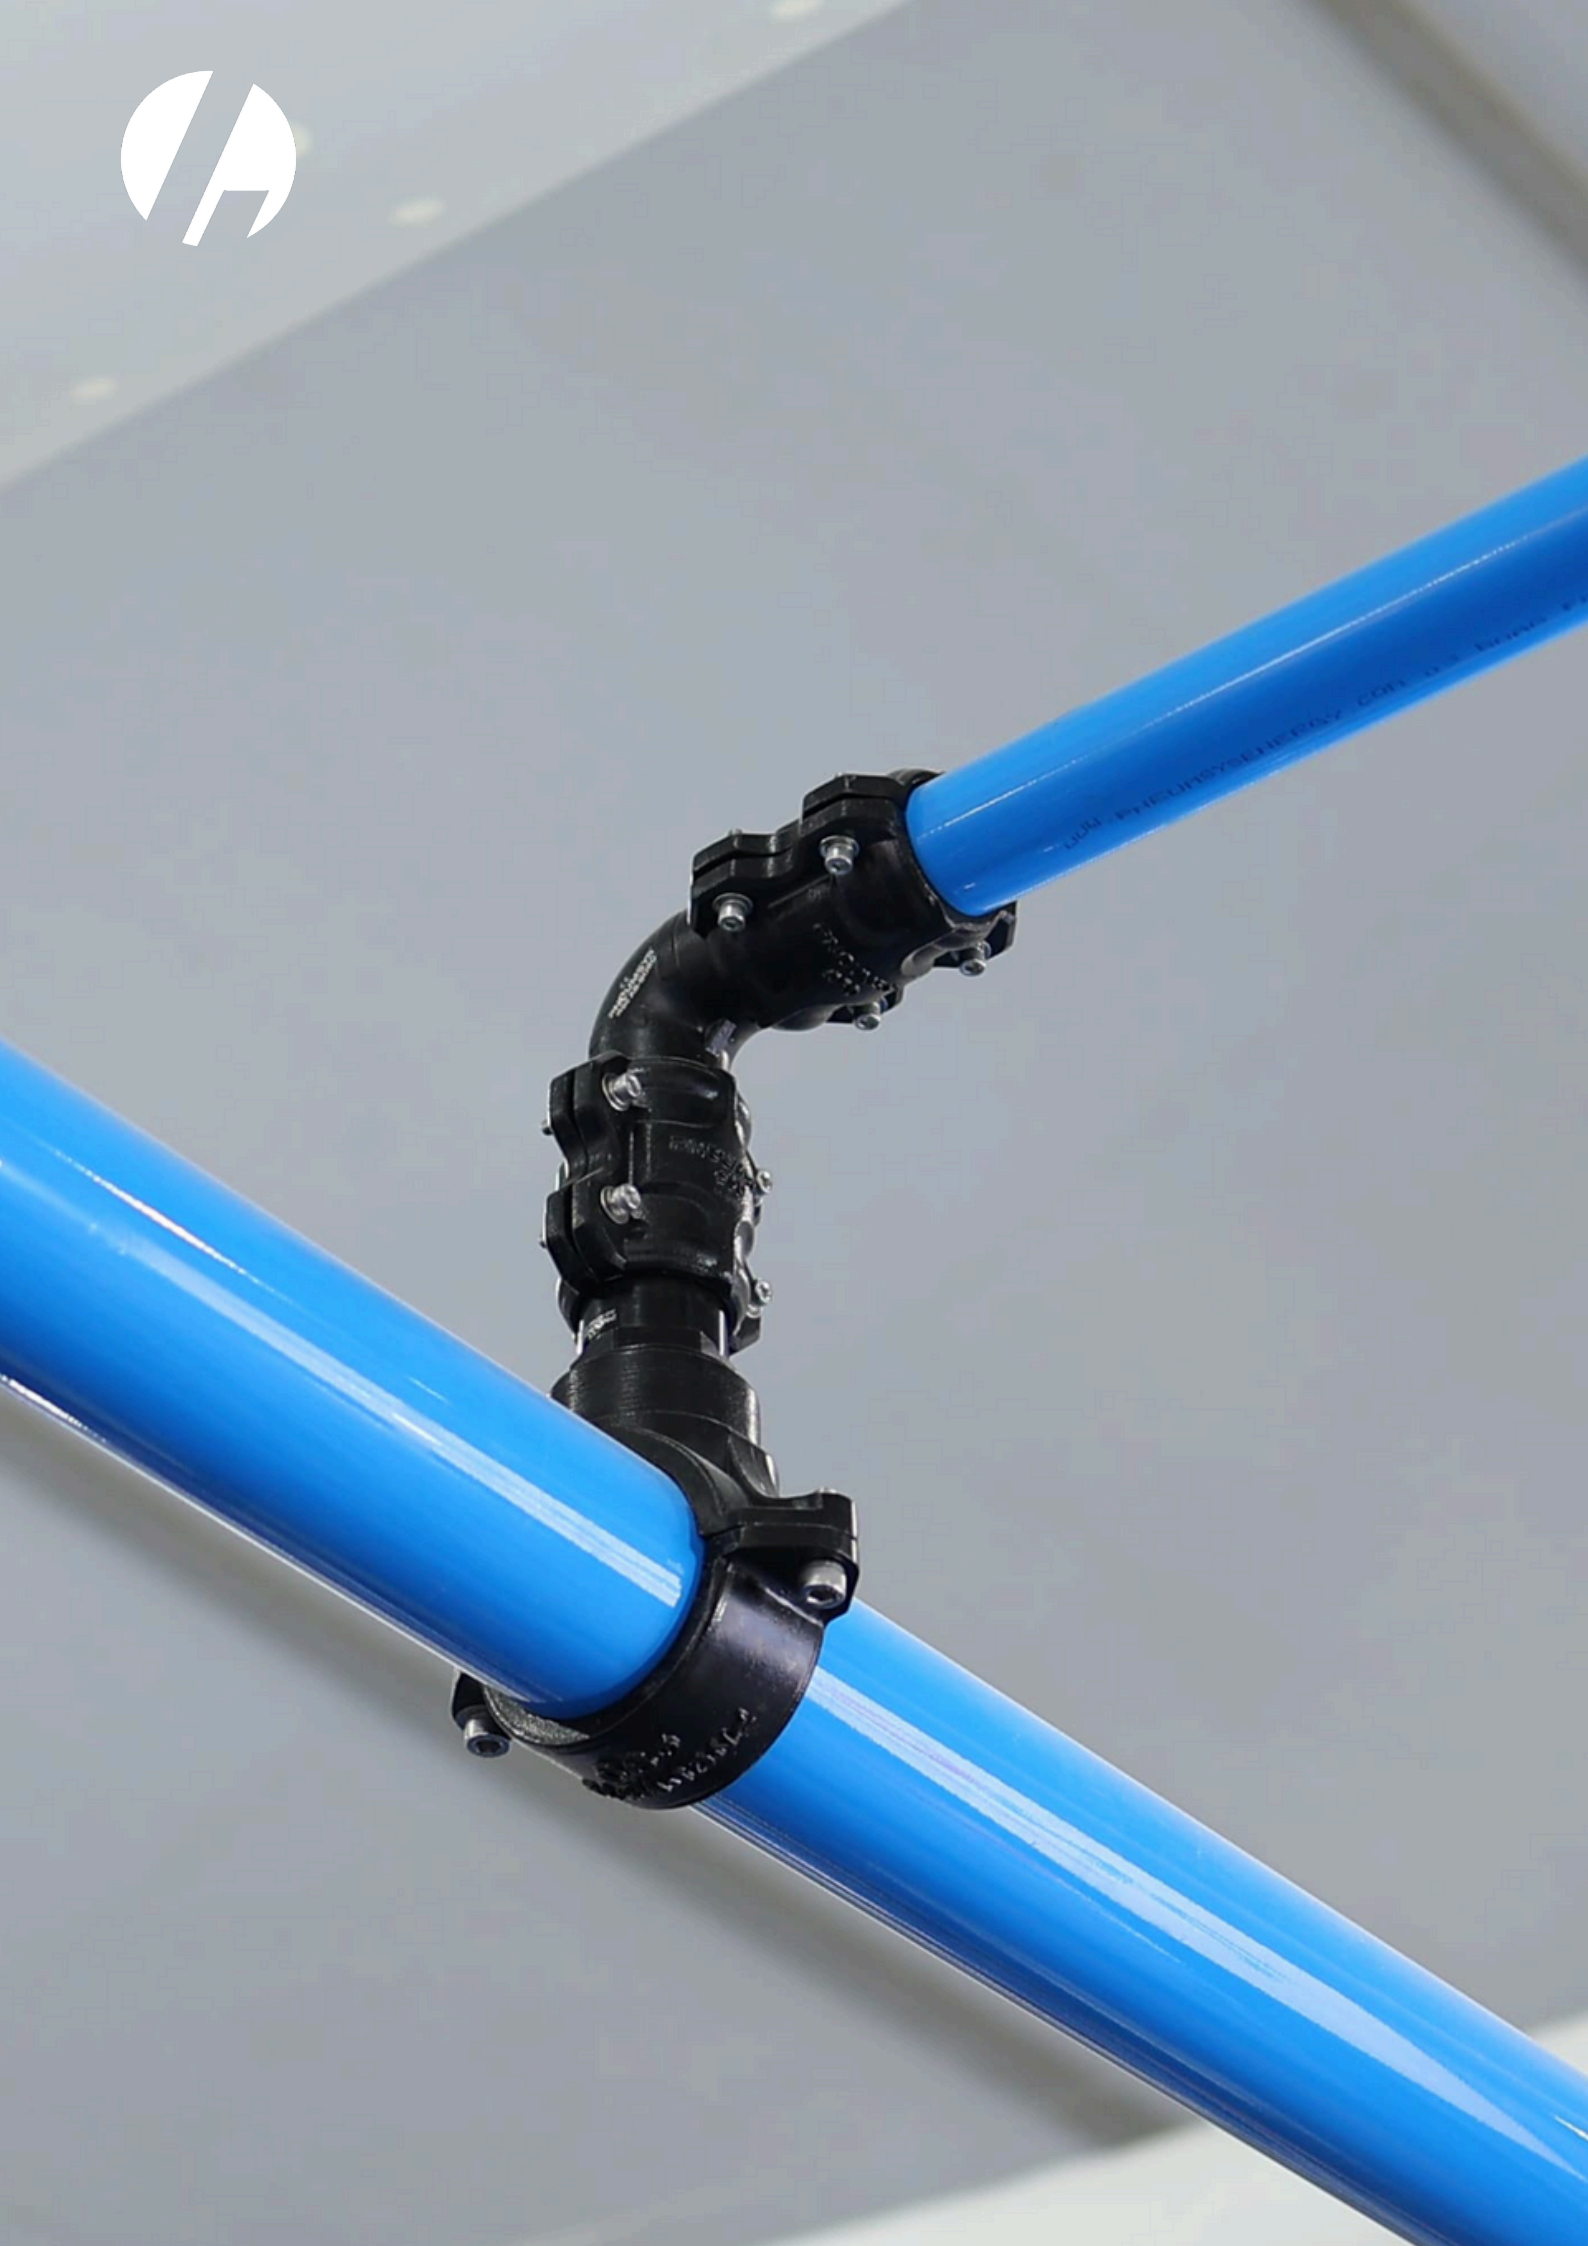

Application :

Used for all types of
industrial air & gases.

180-765
XV 53529

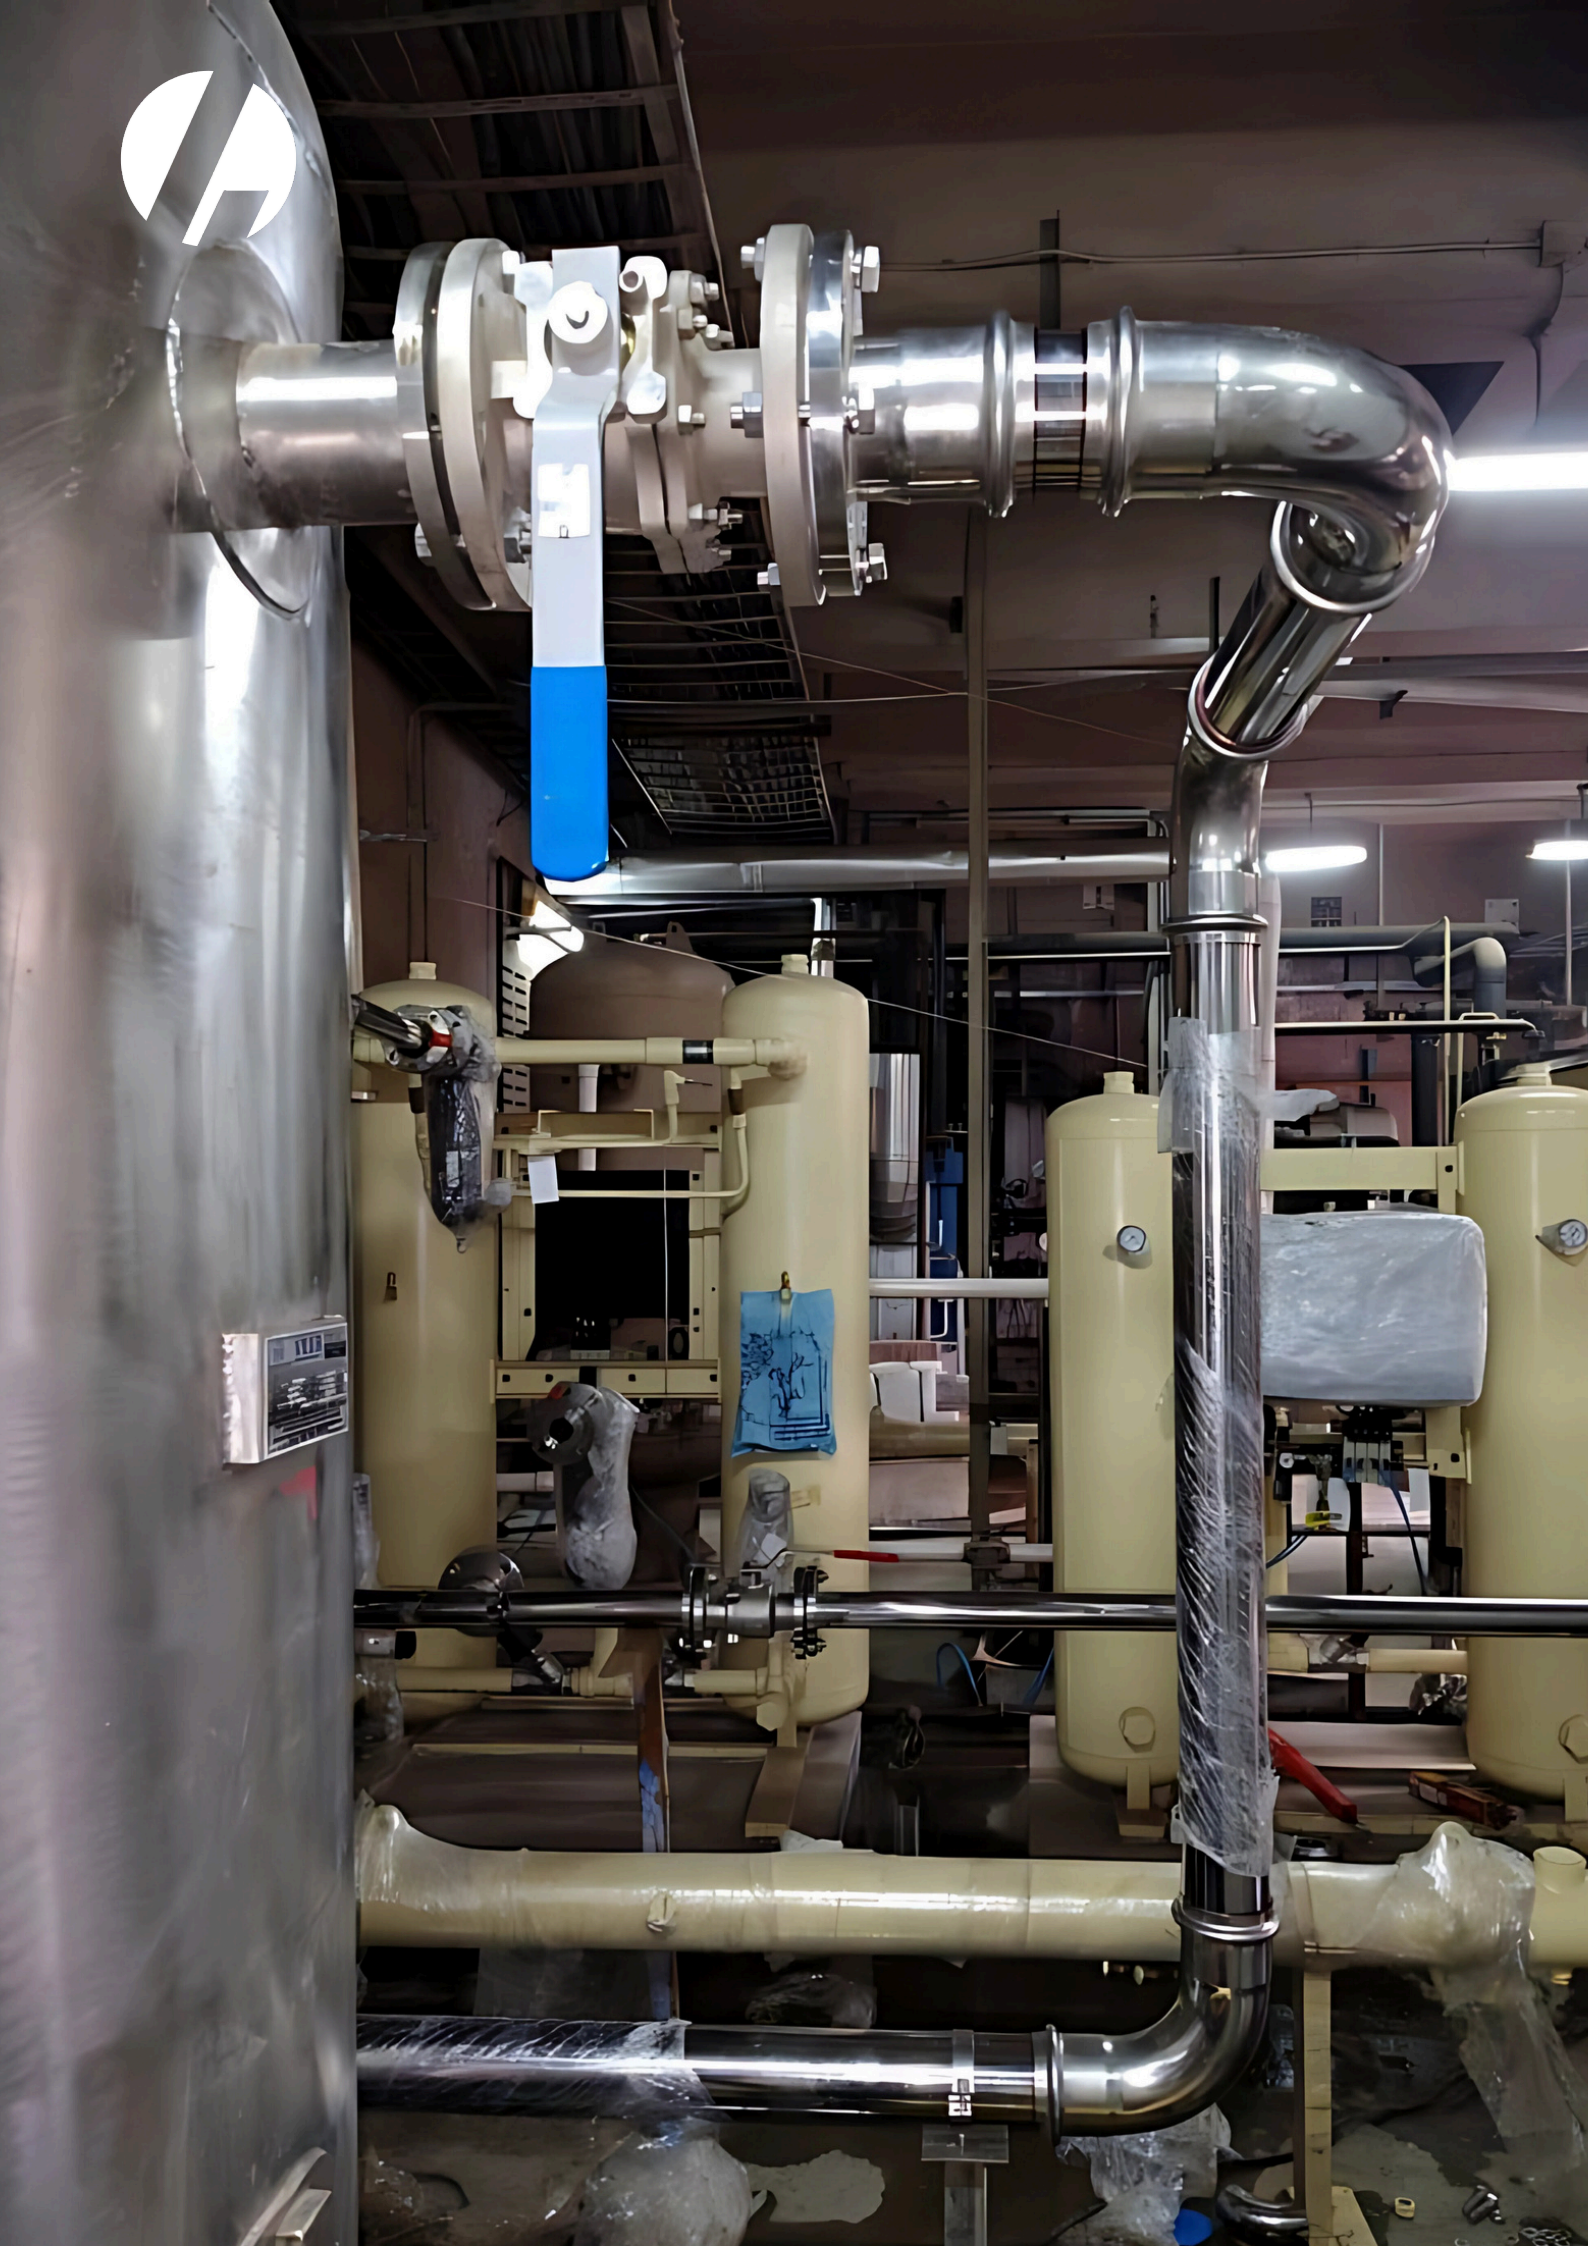

SS Piping

Application :

Used for
pharmaceutical and
water treatment plants.

GI Piping

Application :

Used for water supply lines and drainage systems.

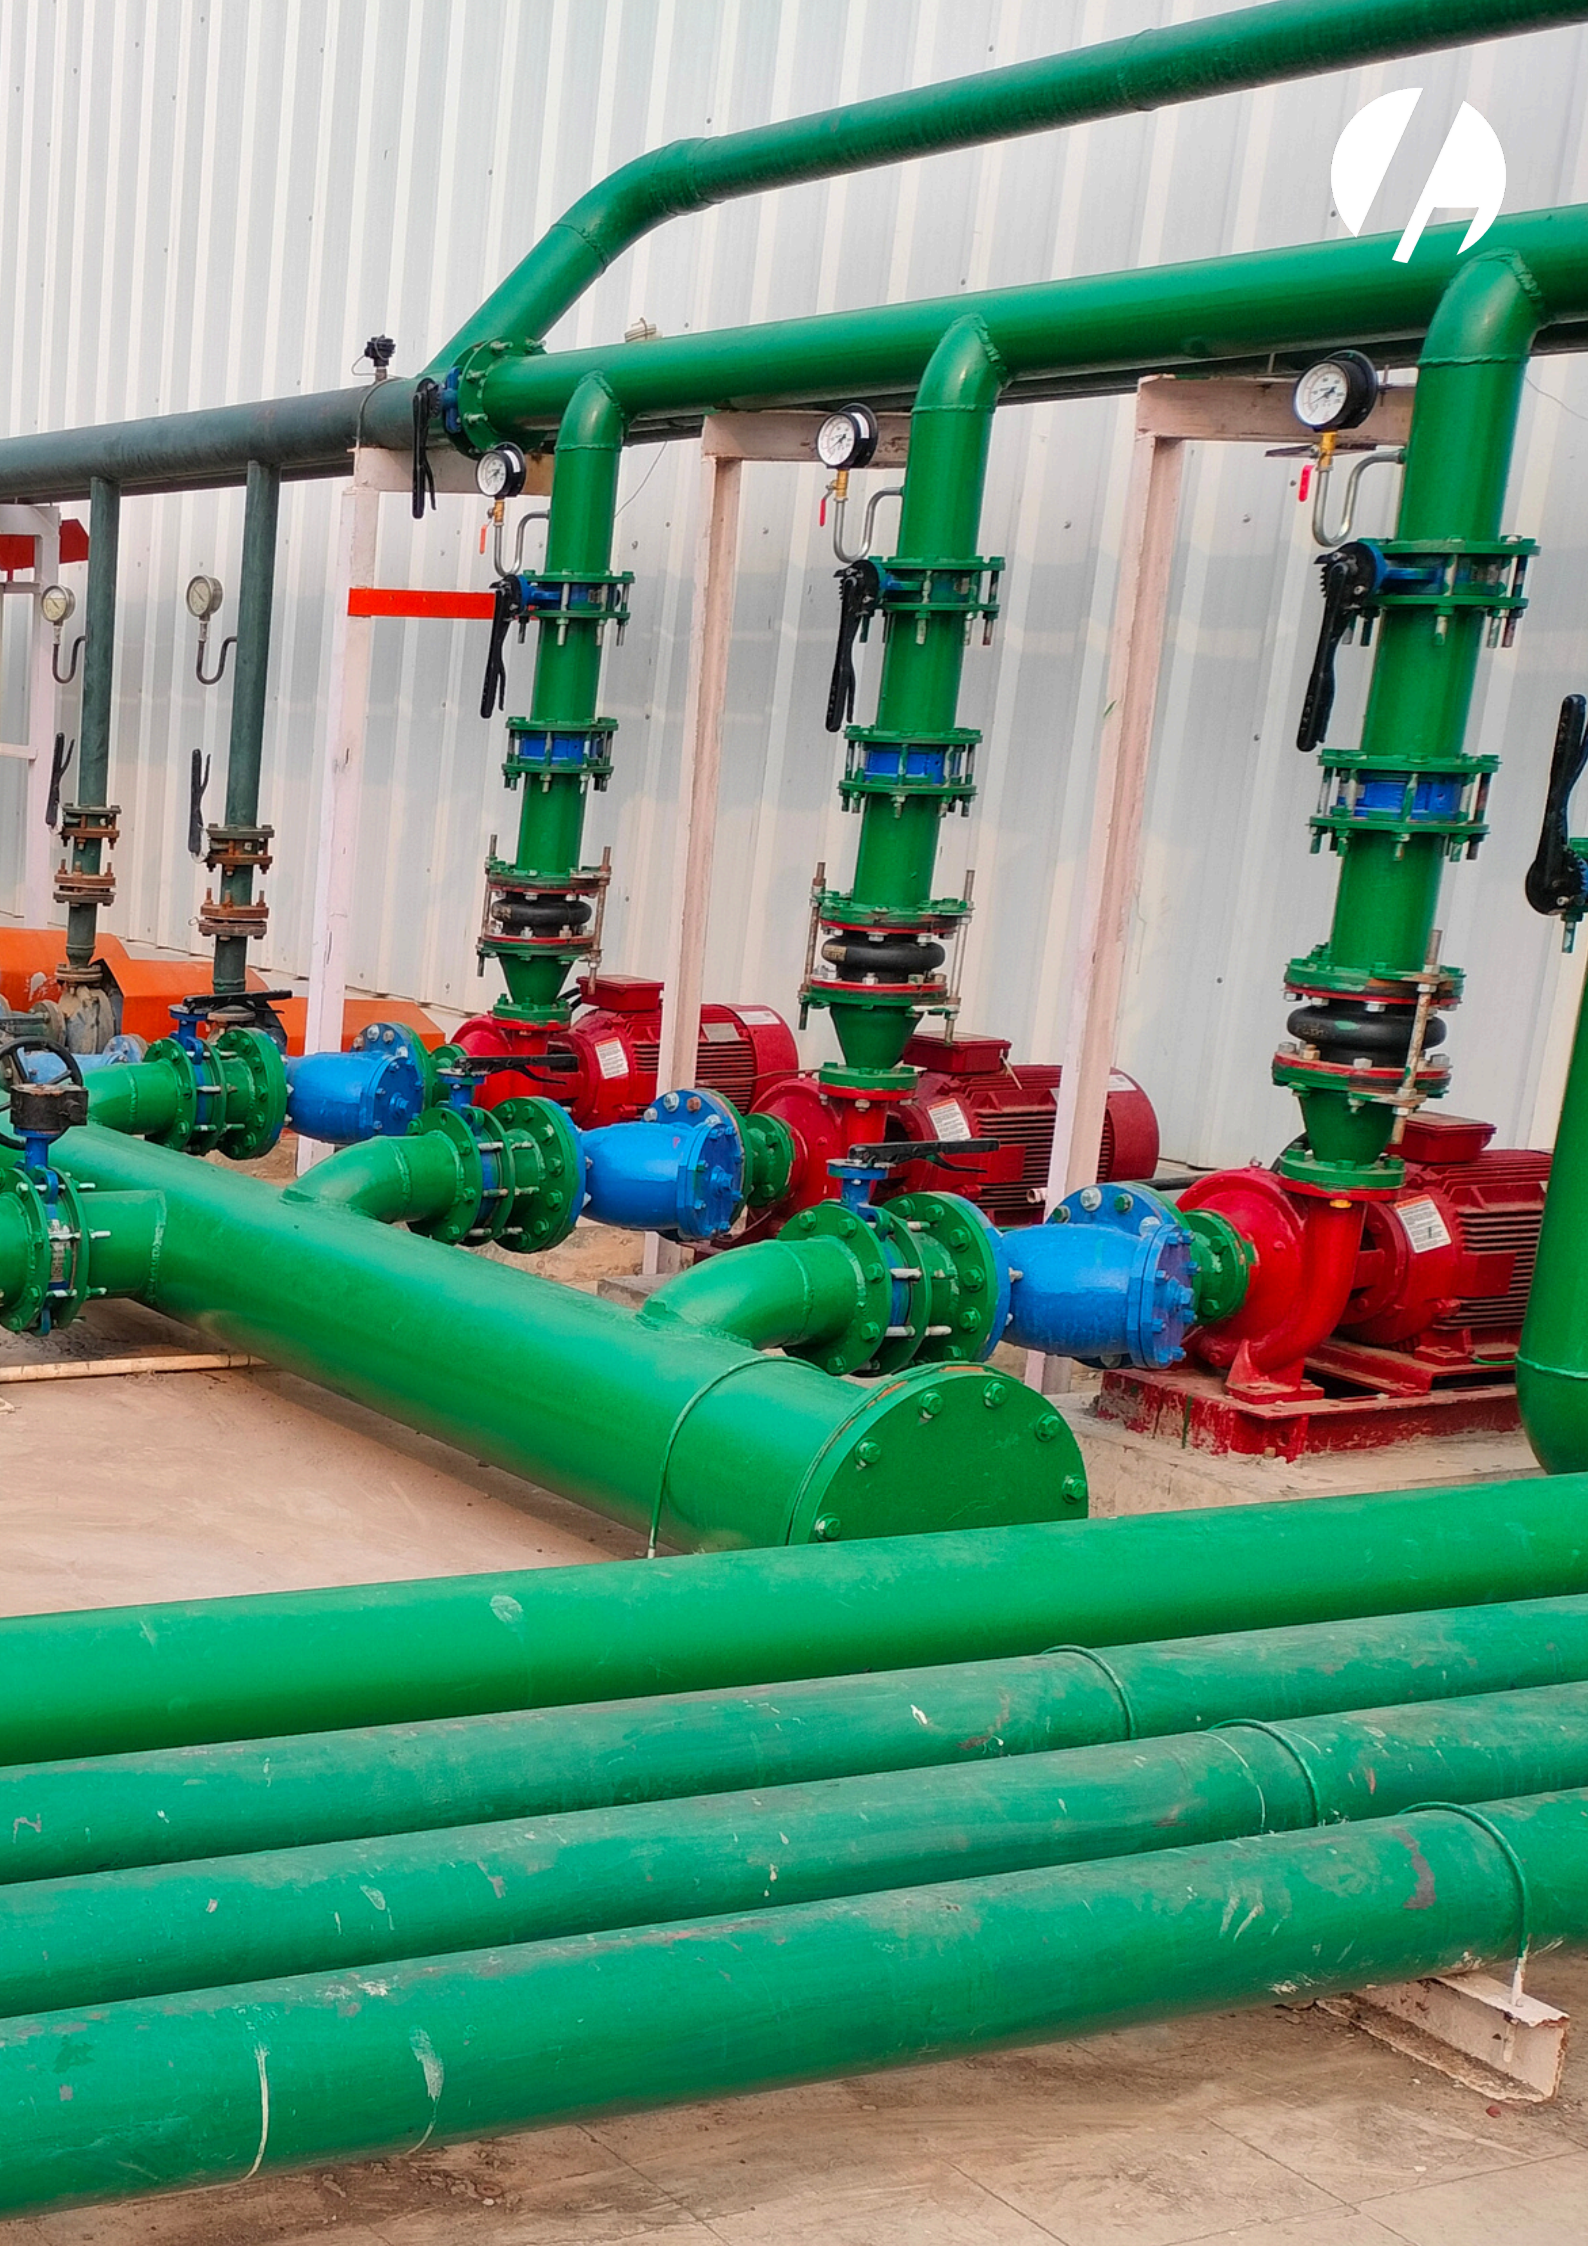

MS/CS Piping

Application :

Used for water and gas applications & Used for oil and gas applications.

PPRC/CPVC Piping

Application :

Used in hot and cold water plumbing systems & Used for plumbing applications.
